

Holiday park a friendly winner

TERRY COLLINS

OCEAN Beach Holiday Park at Umina Beach has been named the most family friendly holiday park in NSW by the *Holiday With Kids* travel magazine.

All NRMA holidays parks, including Ocean Beach, were ranked in the top 10 in the country.

A readership of more than 600,000, 61,000 online members and customers of Club Med and TakeABreak.com.au voted.

Categories surveyed included activities for kids, childcare and babysitting services, staff hospitality, accommodation, location, safety and family fun.

Manager Vanessa Fordyce said the Ocean Beach park ticked all the boxes because it offered exceptional holiday facilities at a price that was affordable to most Australian families.

"Activities for the kids are an important consideration when it comes to choosing a family-friendly holiday park, along with standard of accommodation and services, and overall value for money," Ms Fordyce said.

"Location is a big factor too.

"Being beachfront on the Central Coast, only 1.5 hours from Sydney means guests can take a short break away from their everyday stresses and relax at the park with friends and family over a long weekend.

"Our new glamping style accommodation also makes the park a standout.

"With glamping you get the exposure of the great outdoors and camping, but accommodation is in the form of a luxury tent with all amenities which exceeds anything most campers have experienced.

"As well as other styles of accommodation and sites available, there is an onsite cafe, resort-style pool, two half tennis courts, practice basketball court, pedal go karts, kids club activities and a firm favourite with the kids - two giant jumping pillows."
